ANNUAL WATERMAIN FLUSHING PROGRAM (2010)

The City of Mount Pearl wishes to advise residents that the annual watermain flushing program will start on Monday, May 31/10 for the above noted streets. This program will continue in these areas on an ongoing daily basis (Monday - Friday from 8:00 a.m. to 4:00 p.m.) for approximately 7-10 business days. This work is in accordance with the City's water system and fire flow protection maintenance programs.

Flushing can cause the following **temporary** changes in your water service:

- low water pressure
- changes in water color and cloudiness *
(if this occurs, please run cold water in a bathtub/laundry tub until water appears clear)
- slight change in taste and/or odor of the water.

These conditions are normal during the flushing process. The City will work diligently to ensure that the water service will be restored to normal as soon as possible.

***PLEASE NOTE: It is recommended that residents refrain from doing laundry between the hours of 8:00 a.m. and 7:00 p.m. to avoid the possibility of clothes being soiled or stained by discolored water.**

If temporary changes persist, residents are advised to call Engineering Services at 748-1016. For further information, please visit the City's website at www.mountpearl.ca.

The City appreciates the cooperation and understanding of all residents during this program.

SCOREBOARD

Tender Package 10-026

The City invites tenders for the above noted project. Tender packages are available at City Hall, 3 Centennial Street.

Sealed tenders accompanied by an appropriate bidding security, addressed to the Chief Administrative Officer, and labelled as to the package involved, will be accepted at City Hall no later than 2:00 p.m., JUNE 11, 2010. A public tender opening will take place at that time.

The lowest or any tender not necessarily accepted.
