

ADOPT-A-PARK APPLICATION

Adopt-A –Park is a volunteer program where you have an opportunity to show pride in your community by doing light maintenance tasks in a city park. You can help in your neighbourhood park by picking up litter, watering trees or the grass, watching out for vandalism, planting flowers in a community flower bed or weeding. You could adopt a section of pathway or a park site for a litter clean up project.

REASONS FOR PROGRAM:

- Keeping the play space, grounds and play equipment in top shape is important for the appearance of our community.
- Regular maintenance prevents deterioration, which means less cost in repairing or replacing later on.
- Most important though, is the safety of our children! This is where helping hands can assist by keeping an area clean, reporting safety hazards and becoming involved by ADOPTING A PARK for all to enjoy.

REMEMBER, PREVENTION IS THE BEST PROTECTION!

For more information: Please call Sean McKenna at 748-1046

ADOPT-A-PARK VOLUNTEER IDENTIFICATION

NAME/ORGANIZATION: _____

ADDRESS: _____
