

Tents Policy

1.0 Policy Statement

The City of Mount Pearl will not lend City-owned tents to residents and/or community groups. Any requests received must be forwarded to City Council.

2.0 Background

The City of Mount Pearl recognizes that tents purchased by the City are intended to be used for the benefit of the entire community, in general, and not to benefit specific individuals and/or groups. Set-up and dismantling of the tents can incur costs to the City in terms of employee time and resources, and might lead to liabilities if third parties are involved in setting up or dismantling tents. For these reasons, the City will not lend City-owned unless approved by City Council.

3.0 Purpose

The purpose is to outline the City of Mount Pearl position on lending City-owned tents to residents and groups.

4.0 Approvals

Steve Kent, Chief Administrative Officer
