# Winter Tips

Winter in Mount Pearl is a beautiful time, and with the right information and preparation, you can make the most of it while staying safe. Whether you're tracking plows, learning about regulations, or enjoying the snowy trails, this guide has you covered. Stay informed, stay safe, and embrace the magic of a Mount Pearl winter!

## SNOW CLEARING REGULATIONS

Mount Pearl residents are encouraged to be mindful of snow clearing regulations to ensure a smooth snow season for all, including:

- **No Street Parking:** From December 1 to March 31 each year, no vehicles are allowed to be parked on any street within the city between 1:00 am and 8:00 am.
- **During a Storm:** While the snow or ice is falling and for 12 hours afterward, street parking is a no-go.
- **Shoveling Snow:** It's essential to keep driveways and parking lots clear, but never shovel or plow snow onto the streets, carriage ways, or sidewalks within the city.

These guidelines are in place to ensure our plows can do their work safely and efficiently. Violators may face fines for non-compliance, so make sure to review the official snow clearing regulations to avoid any issues.

## SNOW PLOW TRACKER

Ever wonder when the plow will clear your street? Mount Pearl's Snow Plow Tracker comes to the rescue! This interactive map lets you follow city vehicles as they work to keep the roads safe and clear. You can even see where they've been in the past 2, 4, 12, and 24 hours. It's like having a personal snow clearing GPS!

To view, visit [mountpearl.plowtracker.com](http://mountpearl.plowtracker.com).

## WEATHER INFORMATION CENTRE

The Weather Information Centre is your one-stop resource for everything you need to know about adverse weather. This valuable resource provides tips on how to prepare for winter storms, links to relevant authorities, and the latest information on closures and service impacts. To learn more, visit [mountpearl.ca/weatherinfo](http://mountpearl.ca/weatherinfo).

## TRAILS

Winter doesn't mean you have to stay indoors. The city grooms parts of its trail system for walking, snowshoeing, and cross-country skiing, offering residents a fantastic winter wonderland.

## MAILBOXES

If you find your mailbox surrounded by snow, preventing you from accessing your mail, don't fret. Create a service ticket with Canada Post by visiting their website or calling 1-866-607-6301.

## WINTER DAMAGE

In case your property is damaged as a result of city snow clearing equipment, fill out an online form to request a repair. Remember, the city doesn't repair damages due to large amounts of snow, nor does it repair damages to structures in residential yards.

# SAFEY SNOWPLOW'S SAFETY TIPS

Winter is a time for kids to have fun, but it's vital to keep them safe near snow plows and clearing equipment. Our winter safety mascot, Safey Snowplow, leads the city's program to teach K-6 kids important safety tips.

- Play well away from the roads. Backyards are perfect for building snowmen and snow sculptures.
- Snow plows like Safey are big and take extra time to stop, so give them plenty of space.
- Wear bright clothing so drivers can see you playing.
- Take a hot chocolate break indoors when you get too cold or wet!
- When sliding, always ride on your knees or backside, and face forward. Slide one at a time to avoid banging into another sledder.
- Playing in the snow is more fun with a buddy! Play with a friend and look out for each other.

- Do not place cart behind or on top of snow banks. Make sure it is visible and accessible.
